

**C. REMARKS**

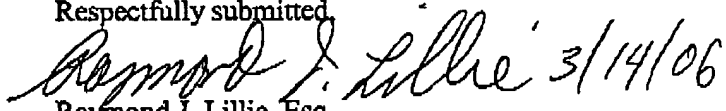

The specification has been amended in order to add a brief description of the drawings. No new matter is being added as a result of this Amendment.

Applicants wish to express their appreciation to Examiner Saunders for the telephone interview given to Applicants' attorney, Raymond J. Lillie, on March 13, 2006. During the interview, Examiner Saunders informed Mr. Lillie that Initial Data Capture, or RTIS, of the issue branch, put a "printer's rush" on the above-identified application. RTIS informed Examiner Saunders, who informed Mr. Lillie, that a brief description of the drawings needed to be added to the above-identified application in order to expedite the application to issue. Examiner Saunders instructed Mr. Lillie to file such brief description by telefax.

In this Amendment, a brief description of the drawings is being added to the specification. No new matter is being added to the above-identified application as a result of this Amendment. It is therefore respectfully requested that the above Amendment be entered, and the above-identified application be passed to issue.

Kindly charge any fees, if required, to Deposit Account No. 03-0678.

Respectfully submitted,
